Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

The UK s best-selling series, Improve Your Sight-Reading! is now available in an edition ideal for the US market and guaranteed to improve sight-reading! This workbook is designed to help overcome the nerves that can cause sight-reading problems by giving sound technical advice and confidence boosting tips. Step-by-step it helps the violinist to build up a complete picture of each piece, first through rhythmic and melodic exercises related to specific problems, then by the study of a prepared piece with associated questions for the student to answer, and finally going solo with a series of carefully progressive sight-reading pieces. Check-boxes for each stage allow both teacher and pupil to keep an eye on progress.
